

SMD-205 Series

Seam Welded Ceramic Surface Mount Crystals

Frequency Range	20.000 ~ 40.000 MHz
Oscillation Mode	AT Fundamental
Frequency Tolerance	±50ppm@+25
Frequency Stability	± 50ppm
Operating temperature range	-10 ~ +60
Equivalent series resistance	150
Load Capacitance	Customer Specified
Drive Level	100 μ W Max.

All specifications are subject to change without notice.

Option: *Tighter Tolerance, Tighter Stability, Extended Temperature
